

LA 4/553 Spring 2023

Landscape Media III

CRN 33522 / 33533 Tues 8:30 - 9:50am in MCK 442, Thu 8:30 - 9:50am in LA 231

Instructor: Sara Loquist, sloquist@uoregon.edu

“The good building is not one that hurts the landscape, but one which makes the landscape more beautiful than it was before the building was built.” - Frank Lloyd Wright

AutoCAD is the industry standard for technical drawing in many offices. Competency in CAD software is critical for most entry level designers and communication with consultants in engineering, architecture, planning and the arts. Proficiency in CAD also aids in learning programs such as Rhino, Solidworks, and Revit which are common in landscape practice.

Landscape Media III will focus on developing a working competency in AutoCAD in support of design studios as well as professional practice.

Class meets twice weekly for 1 ½ hours. Classes will typically be structured with in-class demonstrations, exercises and project worktime.

Fulfills Landscape Media degree requirements.

Pre-requisite: Landscape Media II in Winter term
